Game Information

Haunted Legends: The Queen of Spades Collector's Edition is an *Hidden Object Puzzle Adventure* game that was developed by ERS Game Studio and published by Big Fish Games Studio.

Since this is a collector's edition, it comes with extra features, that are not available in its' counterpart; the standard edition.

Game Visuals

I want to mentioned that the visuals in the game is nicely done. The visuals can be adjusted in the game's option menu.

Game Audio

I want to mentioned that audio for the game is well done. Even though the audio is somewhat simplistic and repetitive. The audio can be adjusted in the game's option menu as well.

Gameplay

There two different difficulty game modes to choose from: Regular and Expert.

The notebook keep tracks of progression in the game. Such as story events and clues.

There is no map in the game. The player has to remember where to go in the game.

There is no padlock feature that is available, but the inventory panel is automatically comes stationary.

The hidden object scenes consists of the following: Traditional word list. Some of these hidden object scenes may require little or no interactions.

The puzzles are fairly easy to solve without having the need to skip any of them.

Since this is a collector's edition game, there is a bonus chapter, but it can be access only after the main story is completed.

Miscellaneous

There are extra features in the game: Bonus Chapter; Soundtracks; Concept Art; Wallpapers; Screen Saver and Game's Strategy Guide. Most of these extra features can be access only after the entire game is completed.

Final thoughts: I have found the game enjoyable to a certain extent. The replay value for the game is low. I would recommend this game, but not at the game's full price value.
